*Unit 1.1 to be completed this year in years 1-6 as an introduction to Purple Mash. This may not take the full 4 weeks in all year groups. Crash courses to replace the units identified this year as children have no prior experience using the programs on Purple Mash.

Units within each year group may be moved around depending on learning in other areas of the curriculum. Online safety lessons should be taught across the year rather than in a block.

All year groups to ensure key skills are taught by the end of the year (see appendix 1).

Reception will be completing activities in the Mini Mash section of Purple Mash.
